

March 8, 2004

Dear Collector Car enthusiast:

I would like to bring to your attention Kruse International's Collector car auction and show in Seattle, Washington. This inaugural event will be held at the extraordinary Seahawk Exhibition Center March 26th and 27th of 2004. We have a tremendous amount of support from the collector car community, and the promotion efforts are superb. This is an excellent opportunity to sell with the world's largest collector car auction company, Kruse International.

Here at Kruse, we have sold more collector cars than all of our competitors combined. Our massive advertising campaign will bring bidders in from around the country. Use this opportunity and let the public competitively bid to offer you the highest price for your vehicle.

I will be happy to work with you and help you with the auction process, and I have enclosed some general information about the Seattle auction. Please feel free to call me anytime for additional information that you may need or questions you may have. I can be reached at **800-968-4444 ext. 221**. Thank you!

Sincerely,

Stu Myers
